Mini konferenca o uporabi CoQ10 v prehrani, medicini in veterini

Petek 16. oktober 2009

14:00-14:10		Odprtje kongresa
14:10-15:00	*G.P Littarru*	Coenzyme CoQ10 effects in health and disease
15:00-15:30		Odmor za kavo
15:30-16:00	*Janko Zmitek*	Improving bioavailability of coenzyme CoQ10
16:00-16:20	*Barbara Verk*	Antioxidant status and biomarkers of oxidative stress are altered in dogs with different cardiovascular diseases
16:20-16:40	*Katerina Tomsic*	24-hour follow-up of plasma coenzyme CoQ_{10} and total antioxidant capacity after a single oral dose of water-soluble coenzyme Q_{10} in healthy beagle dogs
16:40-17:00	*Ana Zanjkovic*	Beneficial antiobesity effect of CoQ10 supplementation to high fat diet in the lean mouse polygenic model
17:00-17:30		Odmor za kavo
17:30-18:00	*J.C R. Aguilera*	Importance of coenzyme Q determination to evaluate food supplementation, bioavailability and metabolic effectiveness.
18:00-18:20	*Maja Milivojevic Fir,*	Studies of CoQ10 and cyclodextrin complexes: solubility thermo- and photo-stability
18:20-18:40	*Igor Pravst*	Coenzyme Q10 in foods and fortification options
18:40-19:00	*Monika Stražišar*	CoQ10 in dairy products
20:00		Večerja

Prof. J.P. Littarru na ogledu laboratorija L06 na Kemijskem inštitutu

Sobota 17. Oktober 2009

9:00-9:30	*Maja Fir*	Concentrations of CoQ10 in plasma and blood cells of children's after treatment with water soluble CoQ10
9:30-10:00		Odmor za kavo
10:00-11:30	*Viktorija Kerin,* *Ana Fakin,* *David Neubauer* *Mirko Prošek* *J .P. Littarru*	Okrogla miza o uporabi CoQ10 Izboljšanje nevroloških simptomov in znakov pri otrocih po jemanju koencima Q10. Prednosti uživanja CoQ10, kot prehranskega dopolnila
11:30-11:50	*Perutnina Ptuj d.d.* *BF Ljubljana* *FKBV Maribor* *KI Ljubljana*	Predstavitev raziskovalnega projekta »Novi originalno razviti krmilni dodatki na osnovi vodotopnega CoQ10 in njihov vpliv na ekonomičnost proizvodnje in zdravstveno stanje piščancev in kokoši nesnic med industrijsko vzrejo«
11:50-12:10	*Anton Zvokelj*	Industrial preparation of syrup fortified with CoQ10 and L-carnitin
12:10-14:30		Odmor za kosilo
14:30-15:00	*Marko Volk*	Influence of added CoQ10 in feed mixture on the accumulation in the body tissue and on the production results of broilers
15:00-15:30	*Mirko Prosek*	Poultry products with increased content of CoQ10 prepared from chickens fed with supplemental CoQ10
15:30-16:00	*Petra Jazbec,*	Accumulation and distribution pattern of CoQ10 in chickens under prolonged feeding with an exogeneous source
16:00-16:30	*Luka Milivojevic*	HPLC-MS determination of CoQ10 in different meat and liver pates
16:00		Zaključek kongresa

Dr. Maja Fir Milivojevič pri predstavitvi inovativnega vodotopnega CoQ10

Nedelja 18. Oktober 2009

Izlet v Meranovo in ogled Mariborske kmetijske fakultete, sodelujoče na projektu:

»Novi originalno razviti krmilni dodatki na osnovi vodotopnega CoQ10 in njihov vpliv na ekonomičnost proizvodnje in zdravstveno stanje piščancev in kokoši nesnic med industrijsko vzrejo«

Posestvo Meranovo

Zagotovo ena izmed največjih reklam za živilo obogateno z vodotopno obliko CoQ10

Beograd 2008
